Art Culinaire • Lacanche USA

Saulieu Moderne
French Blue with Brushed Stainless
LH1300 Lacanche Hood with 9 7/8" duct cover

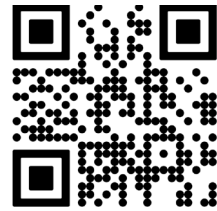

Bienvenue.

Lacanche Hoods. The perfect complement to your Lacanche Range.

Art Culinaire, importer & sole distributor of Lacanche ranges and hoods, welcomes you to explore our high-performance hoods. A deliberately simple design allows for a timeless aesthetic while offering easy operation and care. The combination of range and hood, draws your eyes from floor to ceiling producing a completed look. The hood body comes in our signature matte black color and the duct cover comes in stainless steel. For both, there is an option of choosing a premium color finish that corresponds with the range. Each Lacanche Hood model is designed to be paired with one of the 8 range model widths that satisfy the optimum range ventilation specifications. For each hood body, we carry option(s) for USA made blower inserts from industry leaders.

Please Note: Our wall mounted hoods do not support downdraft and recirculating systems and are not compatible for island install.

Scan this QR code for more detailed information about hoods and duct covers on the Art Culinaire website.

Importance of Ventilation

Range hoods add elegance to kitchen, but they also remove excess vapors and odors. With consistent use, they can reduce mold and bacteria build-up, prevent cabinet damage, decrease discoloration of wall finishes, and ultimately give you the freedom to cook what you want without concerns about lingering odors. For more ventilation information and specifications for our range models, please visit our website and search under "Ventilation Guidelines." Please also consult the ventilation guidelines designed to meet building codes nationwide.

Selecting a Hood

When it comes to selecting a range hood, there are various factors that need to be considered, both in terms of appearance and technical functionalities. Our team of experts will assist you in exploring the different choices available. In terms of appearance, we offer premium color finishes (located on page 13) and four different heights for the duct cover (see the chart below). On the technical front, our range hoods are available in eight different sizes to fulfill your ventilation needs. For each range model, we have recommended the suitable hood body on pages 4-7.

All of our hood bodies feature a canopy that is 100mm wider on each side to ensure optimal capture. It is important to note that the hood body does not include an insert. For compatible inserts, we have partnered with expert USA ventilation companies.

Ceiling Height Range @ 36"	Duct Cover Height	Adjustment Range
97 1/4" - 104 3/8"	250mm (9 7/8")	2 1/2" - 9 5/8"
104 5/8" - 114 1/4"	500mm (19 11/16")	9 7/8" - 19 1/2"
114 7/16" - 124 1/16"	750mm (29 1/2")	19 11/16" - 29 11/32"
124 1/4" - 133 15/16"	1000mm (39 3/8")	29 1/2" - 39 3/16"

Model	Width
LH900	35 7/16"
LH1100	43 5/16"
LH1200	47 1/4"
LH1300	51 3/16"
LH1600	63"
LH1700	66 15/16"
LH2000	78 3/4"
LH2400	94 1/2"

Hood Duct Cover: Comes standard with stainless steel. Upon request, color matched duct cover available, adjustable height.

Hood Body: Face and side panel in stainless steel or our premium colors

Stainless Steel Hood Lip
Only available in stainless steel

Pricing a Hood

Our hoods come standard with our signature matte black hood body with 250mm stainless steel duct cover. There are additional costs if choosing one of our premium color finishes for either hood body or duct cover or if an extended height duct cover is needed. Please also include the cost of the USA specified insert. Here are two pricing examples:

LH900 Hood Body + Insert

\$3,200 matte black hood body + \$2,900 insert* + \$0 (250mm duct cover)
+ \$0 (No premium color finish) = \$6,100 (not including shipping and tax)

LH900 Hood Body + Insert + Premium Finish + Extended Duct Cover

\$3,200 burgundy red hood body + \$2,900 insert* + \$350 (hood premium color finish)
+ \$250 (500mm stainless steel duct cover)=\$6,700 (not including shipping and tax)

*On most hood models, there will be more than one choice for an insert.

LH1600 Armor Hood with
9 1/2" Stainless Duct Cover

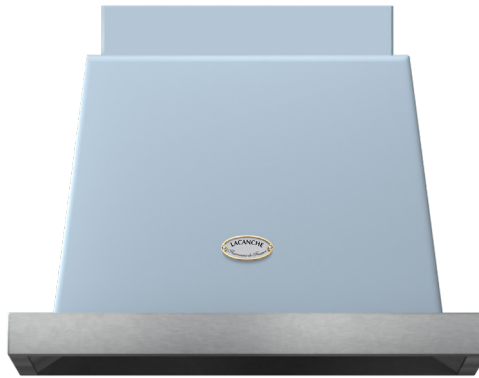

Range Hood Models

See "Pricing a Hood" on page 2. The total hood cost will be the hood body + insert selected + duct cover height + any premium color finishes desired + freight and tax.

Matte Black Hood Canopy w/250 mm Duct Cover	Comes standard - no additional fee
*Premium Color Finishes	\$350 Hood/\$250 Duct Cover (see page 13)
*Duct Cover Extended Height	250mm-no add'l cost, 500mm-\$250, 750mm-\$300, 1,000mm-\$350 (see page 2 for more details)

Range Height: 36"
Hood Mounting Height 33"
29 1/2" Color Matching Ardoise Duct Cover

Hood Insert Options

Art Culinaire has specified Vent-A-Hood and Modern-Aire inserts to be used in conjunction with the Lacanche Hoods for use in the US. Both brands are made in the USA with a long-standing reputation of providing outstanding ventilation solutions for decades.

Vent-A-Hood®

Vent-A-Hood manufactured the first home range hood more than 89 years ago. Since then, Vent-A-Hood has pursued excellence in kitchen ventilation, always seeking to push the limits of performance, aesthetics, reliability, and safety. Custom builders, kitchen designers and homeowners love the craftsmanship and quality of the products.

The Factory has fabricated custom insert panel group openings matched to standard Vent-A-Hood made inserts. The warranty for Vent-A-Hood® Premier Magic Lung® products is five years on parts and one year on labor from the date of purchase to the original owner. Please see <https://ventahood.com/index.php/support/warranty> for what warranty doesn't cover.

Vent-A-Hood® Insert

For Range Size: 43 1/2" to 86 13/16"

MODERN-AIRE

Just like Art Culinaire and Lacanche, Moderne-Aire is a family-based business. Since 1956, they have been solely dedicated to provide exceptional ventilation meeting all the UL requirements. They understand the changing needs of ventilations depending on home builds and corresponding requirements. Modern-Aire has worked in partnership with us to custom fabricate a blower insert that meets all the UL ratings and works seamlessly with Lacanche Hoods.

Modern-Aire Insert

For Range Size: 27 9/16" to 39 3/8"

Should any problems arise with your Modern-Aire blower insert, please contact Moderne-Aire directly and they will be happy to assist you. Their warranty consists of 3 years parts and 3 years labor from the date of purchase. <https://modernaire.com/>

Backsplash and Pot/Utensil Rail

By popular request, Art Culinaire now offers corresponding stainless steel backsplash and pot/utensil rail that compliments both range and hood. Stainless steel backsplashes are known for their durability, versatility, and easy maintenance. The pot rail assures all your favorite culinary cookware and tools are with an easy reach and contributes to the overall design of your kitchen.

The backsplash is designed to protect the wall between the range and hood. The stainless steel is bonded to a hardboard backer for structural rigidity. Stainless steel is considered to be a timeless, neutral material and versatile enough to grace a modern or traditional look. It is resistant to stains, heat, and water and is easy to care for.

Style	For Range Model	Height	Price
LCHD 700	Cormatin, Rully	950 mm/37.4"	\$650
LCHD 900	Bussy, Beaune	950 mm/37.4"	\$725

LCHD 2200	Sully 2200	950 mm/37.4"	\$1,550

General Information

Lacanche hoods are approved for use in a residential installation. Please verify code compliance with local authorities before installing a custom hood, as codes and permits vary among states and municipalities.

Ordering Process

Because each hood is custom built, a 40% non-refundable deposit is required at the time the order is placed. Customer may be liable for additional charges if changes are made after their order has been registered with the factory. The balance is due when the hood is released from the factory for shipment. Review sales order for exact details.

- SEA FREIGHT - See website or contact your sales rep for current lead times.
- AIR FREIGHT - Reduces lead time by approximately one month.

Shipping & Installing

Lacanche Hoods are shipped from France to an Art Culinaire facility in the US. Shipping charges include air or sea freight, crating, insurance, customs and lift gate delivery to a flat area (driveway or sidewalk). Generally, Lacanche products are installed by the project's General Contractor or a local installation provider. In some regions, Art Culinaire can provide referrals to local service providers, upon request*. Art Culinaire does not offer installation services. When installing Lacanche products all local codes and regulations should be followed. Please consult a 3rd party HVAC specialist as needed.

Hood Warranty (excluding insert)

Art Culinaire believes in the durability of each Lacanche hood. The service warranty supports the current product owner and guarantees their hood is free of manufacturing defects in materials and workmanship for a period of 3 years from the final product delivery. Liability shall be limited to replacement of defective parts and corresponding labor required within the warranty period.

Vent-A-Hood: Insert

The warranty for Vent-A-Hood® products is 5 years on parts and 1 year on labor from the date of purchase to the original owner. To make a warranty claim, please contact the dealer from which you purchased the hood or contact the distributor for your area. It is not necessary to register your product directly with us. For more info see ventahood.com/index.php/support/warranty or call 1-800-331-2492.

Modern-Aire Insert

Should any problems arise with your insert, please contact Modern-Aire directly. The Modern-Aire warranty consists of 3 years parts and 3 years labor from the date of purchase. For more information on warranty please see modernaire.com/contact-us/ or call 1-818-765-9870.

Service and Parts

If you experience an issue with your hood within the warranty period, please contact Art Culinaire Support Team so that we can approve all repairs and issue any necessary parts. For service questions please visit our website at frenchranges.com/support or contact us at 1-888-222-2930 or support@frenchranges.com. For service on inserts call either Vent-A-Hood or Modern-Aire.

Hood Care

Use sponge with soapy solution and [non-ammonia] window cleaner for the hood body. Never use abrasive cleaners. The stainless steel parts can be cleaned with hot soapy water or any other neutral, non-abrasive detergent, or product such as Zep. Do not use a steam cleaner on the hood or motor/blower section.

**Questions regarding installation, service, or warranty (excluding inserts)
please email support@frenchranges.com or call 1-888-222-2930.**
